Project on 'Save Trees'

Trees around us are being cut down in large numbers to fulfil our needs. Many animals and birds lose their homes when trees are cut down. What can we do to save trees?

- Collect information on how can you save trees from being cut down.
- Plant a sapling during the holidays and ask your parents to click your photograph while planting. Get a print and prepare a slogan for it.

OR

Make a list of any five different ways in which you can save water as 'water is precious, everyday makes a difference'. 'you have to just collect information and learn to make a project. (The work will be done in class)
